KRUGER NATIONAL PARK MANAGEMENT PLAN REVIEW NOTICE

Dear Stakeholder,

SANParks has started the review process of the Kruger National Park's Management Plan in compliance with the National Environmental Management: Protected Areas Act No.57 of 2003. Interested and affected parties are invited to participate in the Kruger National Park (KNP) Management Plan review process (as per Section 39(3) of the Act).

The SANParks Vision of 'A sustainable National Park system connecting society' is the cornerstone of our engagements with stakeholders. This Vision supports our core business to manage the biodiversity and heritage assets through innovation and best practices, for the just and equitable benefit of current and future generations.

The Park Management Plan provides the strategic and operational framework for the management of KNP within the broader land use context.
